### Why Legal Aid Makes a Difference:

The speaker at our annual Tennessee Alliance for Legal Services (TALS) Equal Justice University conference from 2015, Ramon Arias, former Director of Bay Area Legal Aid, called and said that he was hiking in the California Mountains recently carrying the TALS back pack that was given to him at the 2015 conference. Another hiker, a young man in his 20's, stopped Ramon, pointed at the backpack and asked if Ramon was part of legal aid in TN. The young man explained that as a child, he lived near Nashville, and his mother went to legal aid with what the hiker described as "a problem that had something to do with my father". He got emotional explaining to Ramon that because of what the Tennessee legal aid lawyer did, he and his mom were able to move away and start a new life.

We often talk about "changing the narrative" for individuals and families with our assistance. In this very random moment, years later, we receive a reminder why legal assistance is so important. In the words of Paul Harvey, "Now you know the rest of the story..."

Thank you for your support that provides us the opportunities to make a difference!

### Thank you for All Your Support from Gary D. Housepian:

On September 28, 2017, I announced to the Board and our staff that I was stepping down as Executive Director. It has been an honor to be part of this work for these past 10 years and to see our work expand to meet challenging situations – for youth, the elderly and persons who were formerly incarcerated – to fight barriers and shine the light of justice for all. It has been inspiring to see our staff join together in examining how we can be the very best in our work and in embracing change. The opportunity is ripe for new leadership to join with them and contribute as we go

forward. My heart and mind remain devoted to the important work that needs to be done for these clients who have inspired me with their character and strengths. I look forward to the next chapter of my life to advance the cause for equal justice for all.

For nearly 50 years, the Legal Aid Society has supported low-income Tennesseans in their efforts for equal justice, fairness and better lives. Despite people needing our services more than ever, our core mission remains the same in joining with them in their courageous efforts to rise out of poverty and overcome obstacles. We have been and will always be about finding solutions for them – strengthening families, strengthening communities.

Thank you all for your incredible support for me and Legal Aid Society. As we all go forward with our important work, I am reminded of the quote from Nelson Mandela. Let's not rest!

*“As long as poverty, injustice and gross inequality persist in our world, none of us can truly rest.”*

## Search Process for Next Executive Director:

Under Legal Aid Society's transition plan, a Search Committee of 5 LAS board members, and 4 LAS staff members were named to the committee. The Board will make the final decision and has retained a consultant with Center for Non Profit Management to assist in the national search that began in November. Mr. Housepian is assisting with the transition planning and will continue to act as Executive Director until mid-March.

## Status of Congressional Funding for 2018 for Legal Aid Society

Approximately 42% of our funding in 2017 was from the Legal Services Corporation. Our funding from LSC remains at the 2017 level under the Continuing Resolutions from Congress. The Senate recommends continued funding in 2018 at the 2017 level. The House recommends a 22.5% cut. This will require a joint committee to reach an agreed amount. We have been told to be prepared for a 15% cut in federal funding, which would be a **\$480,000 reduction** in revenues for our 2018 budget.

We are so grateful for your generous support in 2017 and your continued support in 2018 as we remain determined to provide access to justice for all.
