

Legal Aid Society of Middle Tennessee and the Cumberland is here to help

The COVID-19 pandemic has called into focus a need for flexibility in the way we do our work. Until further notice, LAS staff is working remotely and moving upcoming events, like legal clinics, to a digital space to ensure the safety of our community. Our staff is working hard to keep up with these cases as they come in – and most importantly, we want our clients, potential clients and partners to know we are here, and ready, whenever they need us.

We are open to assist clients and support partners

We've taken several proactive measures to address the challenges that COVID-19 brings and avoid any disruption to our services. Please reach out to your local Legal Aid office with questions and concerns. Callers will be able to leave a message and receive a call from an intake specialist or attorney will return your call. **You can reach us at 1-800-238-1443.**

We have changed the format of our legal clinics

All legal clinics are being conducted by phone. [Please visit las.org/phone-clinics](https://las.org/phone-clinics) for an updated list of LAS Legal Clinics. Callers can expect to speak with an intake specialist and an attorney over the phone during the designated clinic times.

We have developed COVID-19 Resources

We now have a [resource page on our website](#) to help our clients and partners navigate legal issues they may encounter during this crisis. We provide community education on topics including:

- Unemployment
- Stimulus Refunds & Taxes
- Tenant's Rights
- Domestic Violence
- SNAP ad TennCare Benefits
- Mortgage Payments
- And much more

Please visit <https://las.org/covid-19-tennessee-resources/> often as we are updating documents and adding new resources regularly.
